

PRCS Response Operations in the WestBank for the period 1 April - 20 April 2022

● Response_Location

PRCS' Operational Update

Occupied Palestinian Territory

16th - 20th Apr 2022

Situation Overview:

- From 20th of May 2021 to 20th of April 2022, Israeli occupation forces have killed 364 Palestinians in the oPt, including 74 children and 44 women according to the Palestinian Ministry of Health. There are 99 people killed in the West Bank, 258 in the Gaza Strip and 7 in East Jerusalem.
- Since April 2nd, a new escalation in the situation in oPt, particularly the West Bank including East Jerusalem, took place resulting in a sharp increase in casualties.
- Hanan Khmour, a school student, was killed during the reporting period in the West Bank.
- PRCS declared a state of emergency- level 3, on 13.4.2022. Accordingly, all teams of staff and volunteers, in all programs and across oPT, are put on high alert.

Humanitarian response in the oPT:

292

Palestinians wounded due to Israeli attacks against Palestinians throughout the West Bank and Jerusalem during the reporting period.

Violations against PRCS:

1

Israeli Occupation Forces denied PRCS access to the injured out to provide medical assistance in Hebron.

2

ambulances sustained damages in Nablus and Qalqilya.

Emergency Appeal: (\$24,262,330)

Up to date, 48% of the appeal is covered with pledges by the various Movement and Non-Movement partners.
