Palestine Red Crescent Society: Response Report

As of Saturday, October 7th 2023, 6:00 PM

Until Friday, November 10th 2023, 24:00 AM

Palestine Red Crescent Society teams are still responding to the developments on the ground in both Gaza Strip and the West Bank, where the operations are carried out 24/7, For the 35st day in a row.

Latest Updates:

Gaza Strip:

- The Israeli occupation forces attack directly Al- Quds Hospital through firing of live ammunition at the intensive care unit of the hospital and the civilians inside the building, which resulting in the martyrdom of one displaced person and the injury of 28 others, including two in critical condition, worth noting that most of the casualties are children.
- The situation is exacerbated as the complete depletion of the fuel supplies is imminent within the next few hours. PRCS Medical teams are exerting every effort to provide medical care to patients and the wounded in the face of power outages and deteriorating humanitarian conditions inside the hospital, including shortages of medical supplies, food, and water.
- Today early, the Israeli occupation forces have been targeting the hospitals (Al-Shifa Hospital, Al-Rantisi and Al-Quds) where Al-Rantisi Hospital has been besieged and targeted, and Al-Shifa Hospital has been targeted with shells, especially the patients clinics as the vicinity of Al-Quds Hospital is besieged and any person moving outside the hospital is targeted, At this time, one of the displaced person at Al Quds hospital was targeted at the main entrance of the hospital.
- The Israeli occupation tanks and vehicles have penetrated into several districts in Gaza governorate and Northern Gaza governorates, which separated the southern part of the Strip from the north, which increases the challenges faced by the teams working in the field by prohibiting the ambulance's from reaching to Al-Rasheed St which is the only coastal road and targets who and/ or whichever reaches the area, additionally, citizens are also prohibited from moving across the governorates, though the occupation forces are bombarding their residential buildings randomly.
- The Israeli occupation forces continue to target all sources of life in the strip, including targeting alternative energy networks and all bakeries that have already stopped as a result of the interruption of food supplies and the lack of electricity or fuel needed to operate them, as severe warnings are coming out concerning the depletion of food supplies and water in Gaza city and the northern Gaza, which exposes hundreds of thousands of citizens to extreme danger.
- The intensified Israeli bombardments across the entire strip is ongoing, targeting residential towers, buildings, mosques, churches, main roads, infrastructure and hospitals are being targeted by these bombardments. As a result, many civilians have lost their lives including women, children and elderly.
- Israeli aircrafts intensified the bombardments nearby PRCS's HQ and Al-Quds hospital in Tel Al-Hawa west of Gaza is maximizing the damages caused, and the challenges to the health sector teams and IDPs in the premises.
- The Ministry of Health confirms that the occupation forces deliberately targeted (120) healthcare facilities, which led to (67) facilities sustaining severe damage, the loss of (193) medical personal lives, (18) from the rescue team members and the wreckage of (45) ambulances that are now un-operable.
- The Ministry of Health confirms that (18) hospitals and (40) health centers are out of service as a result of Israeli targeting and the depletion of fuel and medical resources.
- Official authorities have received approximately (3000) reports of missing persons in the rubble including well over (1350) children.
- The Israeli occupation targeting has reached the schools, where (238) schools were damaged to varying degrees, while (60) schools are out of service as a result of being deliberately targeted, which exacerbated the suffering of the displaced and overcrowding in shelter centers.
